KEY STRENGTHS

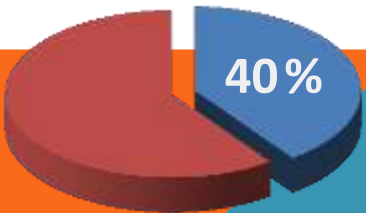

KEY STRENGTHS

Market share for 2 & 4 Wheeler Fasteners / Precision Turned Parts in overall 2 Wheeler industry in India.

Market share for Fasteners & Precision Turned Parts of Commercial Vehicle industry in India.

Market share for Fasteners & Precision Turned Parts of Railways/Power Sector/Constructions in India.

KEY STRENGTHS

One of the top companies in **Automotive /Industrial Fasteners**

Range M6-M52 Diameter

Covering 6mm to 500 mm Length through Cold and Hot Forging.

In-House Continuous Heat Treatment Facilities SCADA Control.

In-house Alkaline Zinc Plating Plant with SCADA Control.

KEY STRENGTHS

One Stop Solutions for all types of BAR, CHQ Wires.

Progressive & Independent Producer of Bright Steel Bars, Wires & High Tensile Critical Fasteners.

Major Diameter Long Length High Tensile Fasteners specially used in Distribution Towers / Crusher Zones / Combines.

FUTURE AREAS FOR GROWTH

- Infrastructure
- Power
- Defense
- Aerospace

QUALITY POLICY & CERTIFICATION

- **Omax Auto has implemented an Integrated Management System in line with the requirement of ISO/TS 16949:2004**
- The company is committed to enhance Customer's satisfaction by providing Cost Competitive Quality Products that is Superior Product with Greater Values.
